T&T Construction's excellence to its clients can be seen through its estimating department. Utilizing historical and current data we can price any scenario a client requests. Our estimators are equipped with the latest technology, specialized estimating software coupled with an ever evolving database; our estimates are incredibly accurate and current. The department is capable of assisting clients from job inception; assist by supplying budgetary numbers during the design stages thru final construction pricing, and help with sequencing and scheduling the project. It is our goal to serve our clients with the highest degree of professionalism and courtesy. We at T&T Construction are looking forward to earning your business by building a relationship by bidding your work and, if selected, working with you as part of your construction team. Our production department utilizes our sophisticated projects control programs to ensure accurate document control is adhered to on every project and all correspondence and pertinent project documents are submitted and or transmitted in a professional and timely manner.

Project:	108th. ADA complex – Ft. Bragg	Start Date:	August 2009
Owner:	U.S. Army Corps of Engineers	Completion Date / % Complete:	April 2010
General Contractor:	Caddell Construction	Approximate Contract Amt:	\$1,283,31
Architect:	U.S. Army Corps of Engineers	Scope(s) Performed:	Structural & Non-Structural
Project Address:	Ft. Bragg NC		CMU
Project Details:	There are (14) buildings including (4) Barracks, a Battalion Headquarters, an Administrative Building and a Troop Readiness Building. T&T Construction is providing "Turnkey" solutions for all CMU work and Brick Veneers. All exterior walls are load bearing CMU.		

Project:	Wallace Creek Regimental Complex	Start Date:	March 15, 2009
Owner:	US Corps of Engineers	Completion Date / % Complete:	
General Contractor:	Caddell / Yates a Joint Venture	Approximate Contract Amt:	\$6,346,877
Architect:	NAVFAC	Scope(s) Performed:	Concrete
Project Address:	Trailer 25 Parachute Rd. Camp Lejeune, NC		Masonry Precast – Hollow Core
Project Details:	This project involves the construction of (22) buildings of varying sizes and elevations. There is 250,000 SF in the basic footprint per the design. The buildings range from single story up to (5) story buildings. T&T Construction is providing on time “Turnkey” contracts for the concrete footings & foundations, grade beams, slabs-on-grade, slabs-on-decks, hollow core slabs and the topping for the hollow core slabs.		

Project:	Lake County Elementary School “J”	Start Date:	June 2009
Owner:	Lake County School Board	Completion Date / % Complete:	February 2010
General Contractor:	Welbro Building Corp.	Approximate Contract Amt:	\$ 2,096,173
Architect:	Schenkel Shulz	Scope(s) Performed:	Slab-On-Grade, Slab-on-metal deck, Elevated slabs, CIP concrete
Project Address:	Plymouth Sorrento Rd. & Wallick Rd. Sorrento, FL		Masonry
Project Details:	T&T Construction is providing a “Turnkey” scope of work for all materials, labor, equipment and incidentals for all excavation, backfill, final grade for footings, foundations, slab-on-grade, place and finish for elevated slabs and all cast-in-place concrete. T&T is also providing a “Turnkey” masonry scope of work for all CMU and or brick. This is a (2) story facility with 119,000 sq. ft. of space.		

Project:	Bachelor’s Enlisted Quarters	Start Date:	February 23, 2009
Owner:	US Army Corps of Engineers	Completion Date / % Complete:	
General Contractor:	Caddell Construction	Approximate Contract Amt:	\$3,021,262
Architect:	Naval Facilities Engineering	Scope(s) Performed:	Excavations/Backfill/Compaction
Project Address:	New River – Camp Lejeune North Carolina		Site - Concrete Building - Concrete
Project Details:	This is a single (3) story building having 89,000 sq. ft. of area. T&T Construction is providing all of the excavations, final grading and backfill and compaction for footings, foundations and slab-on-grade for our work. T&T is also providing a “Turnkey” contract for all equipment, materials, supervision and labor for all of the above work including slab-on-grade and slabs-on-elevated decks and associated site concrete.		

Project:	MATOC for AIT/BT Barracks & WIT Facilities	Start Date:	January 20, 2009
Owner:	US Corps of Engineers	Completion Date / % Complete:	March 15, 2009
General Contractor:	Clark Construction / Caddell Construction, Co.	Approximate Contract Amt:	\$1,529,000
Architect:	US Corps of Engineers – Ft. Worth Dist.	Scope(s) Performed:	Foundations / Slab-On-Grade
Project Address:	Ft. Benning, GA Ft. Benning, GA		Elevated Slabs / CIP Walls CIP Stairs & Site Concrete
Project Details:	Provide turnkey services for all concrete and related work including excavation, grading and backfilling, for four barracks approximately 150,000 sq. ft. total. One Storage /Lawn Maintenance Building, One Latrine and One Track Shelter. CIP work at the Arms Vault, House Keeping Pads, (4) Chiller Equipment pads, & (15) Boot Wash Stations. There are (4) 2-Story Barracks involved with an option for (1) additional.		

Project:	Ft. Benning Simulator Complex	Start Date:	January 12, 2009
Owner:	US Corps of Engineers	Completion Date / % Complete:	August 1, 2009
General Contractor:	Caddell Construction, Co.	Approximate Contract Amt:	\$1,980,000
Architect:	US Corps of Engineers – Savannah Dist.	Scope(s) Performed:	Foundations / Slab-On-Grade
Project Address:	James Town Rd. Ft. Benning, GA		Elevated Slabs / CIP Walls CIP Stairs & Site Concrete
Project Details:	T&T contracted all concrete and related work including excavation, grading and backfilling, for (3) buildings to be constructed for this project.		

Project:	Darden Data Center	Start Date:	March, 2008
Owner:	Darden	Completion Date / % Complete:	August, 2009
General Contractor:	Hardin	Approximate Contract Amt:	\$1,403,000
Architect:	Perkins & Will	Scope(s) Performed:	Footings, Foundations
Project Address:	3829 Taft Vineland Rd		SOG, Tilt-Wall
	Orlando, FL		Slab-On-elevated Decks
Project Details:	A 496,000 Sq. Ft. footprint for the main building consisting of cafeteria, kitchen, conference center Data center and 1050 car parking deck. There was also a 5,000 square foot fitness center.		
	A separate equipment building was built consisting of Tilt-Wall construction. This was a Gold Leed job.		

Project:	RSTB SOF Battalion Complex & TEMF	Start Date:	November 11, 2008
Owner:	Army Corps of Engineers	Completion Date / % Complete:	February 15, 2009
General Contractor:	ACC Construction, Co.	Approximate Contract Amt:	\$237,893
Architect:	US Corps of Engineers	Scope(s) Performed:	Concrete Formwork / CIP
Project Address:	Ft. Benning, GA		Slab-On-Grade
	Columbus, GA		
Project Details:	Furnish all labor & materials & equipment for concrete formwork, pipe bollards, concrete place & finish, for vault tops, elevator pit, and maintenance pit.		

Project:	Oakleaf High School	Start Date:	October 27, 2008
Owner:	Clay County School District	Completion Date / % Complete:	November 15, 2009
General Contractor:	MM Parrish Construction Company	Approximate Contract Amt:	\$1,020,000
Architect:	Harvard – Jolly Architecture	Scope(s) Performed:	Masonry
Project Address:	4035 Plantation Oaks Blvd.		CMU Block
	Orange Park, FL. 32065		Exterior Brick Veneer
Project Details:	This school of (11) buildings with one, two and three stories each. Total square footage is 298,086. The estimated block count is at 105,183 and the brick count estimated is at 32,956.		

Project:	Ft. Benning Reception Center	Start Date:	November 2008
Owner:	US Government	Completion Date / % Complete:	March 3, 2009
General Contractor:	Caddell Construction Company	Approximate Contract Amt:	\$2,600,000
Architect:	US Army Corps of Engineers	Scope(s) Performed:	Footings, Foundations, SOG
Project Address:	2nd. Infantry Division		Elev. Slabs, CIP Walls
	Ft. Benning, GA		Pads & Stairs
